[^0]:    Total Retirement Income Calculator Completions - Number of RIC completions for the given time period. If a single participant completed the RIC multiple times within the given time period, they would be counted multiple times.
    Unique Completions: Total number of unique active/eligibles that completed the retirement income calculator during the reporting period
    Contribution Rate Increases: Total number of active/eligibles that completed the retirement income calculator and increased their contribution rate.
    Average Balance RIC Participant - For participants who have a balance greater than $\$ 0$ that have previously completed the RIC - The total balance of active participants divided by the total count of active participants
    Average Balance Non-RIC Participant - For participants who have a balance greater than $\$ 0$ that have NOT previously completed the RIC - The total balance of active participants divided by the total count of active participants
    Average Contribution Rate RIC Participant - For participants who have completed the RIC - The total of all contribution rates (\%) for active participants who have completed the RIC divided by the number of active participants that have completed the RIC who have non-zero contribution rates.
    Average Contribution Rate Non RIC Participant - For participants who have NOT completed the RIC - The total of all contribution rates (\%) for active participants who have completed the RIC divided by the number of active participants that have completed the RIC who have non-zero contribution rates.
    Average Income Replacement, RIC Participant - Calculated by summing the income replacement percentages of all active, eligible \& suspended participants who have completed the RIC divided by the total count of all those active, eligible \& suspended participants that have completed the RIC. Individuals not enrolled in the plan are excluded from the calculation.
    Average Income Replacement, Non- RIC Participant - Calculated by summing the income replacement percentages of all active, eligible \& suspended participants who have not completed the RIC divided by the total count of all those active, eligible \& suspended participants that have completed the RIC. Individuals not enrolled in the plan are excluded from the calculation.
    Participant - An individual who has enrolled in the plan and has a non-zero account balance.
